SCHOLARSHIPS

Since 1920, SAME members have worked through The Society to improve America's security by advancing and enhancing the country's engineering prowess. SAME was formed in the wake of World War I, as thousands of engineers in the nation's armed services returned to peacetime jobs.

THE SAME MISSION:

"To promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers, and related professionals."

THE SAME VISION:

"To be a premier global engineering organization leading the professional and personal growth of all members in support of military readiness and development of solutions to national security challenges." SAME is a nonprofit organization representing both the military and civilian communities.

The New Jersey and New York City Posts support the Society's goal to promote engineering as a career choice by providing scholarships to qualified students attending colleges and universities. Proceeds from the golf outing will be divided between the two posts and used to award scholarships in 2007.

PICATINNY ARSENAL GOLF COURSE

Built in 1928 and designed by A. W. Tillinghast, this fairly flat course has tree-lined fairways and small, fast greens. Water comes into play on five holes. The course rating is 72.8 from the Black Tees with yardage of 6,816 and a slope of 125 on rye grass. The course has a reputation as one of the best maintained courses in DoD! Visit the practice putting green before the shotgun start. Collared shirts, slacks or knee-length shorts and soft spikes are required; no denim.
