<b>February 21, 2007</b>	<b>Bill Amann, M&amp;E Engineering, USGBC-NJ Board</b>	<b>LEED New Construction--Optimize Energy Performance</b>
<b>March 21, 2007</b>	<b>Bill Lashbrook, PNC Bank, USGBC-NJ Board</b>	<b>Build Green, Everyone Profits--what does that really mean?</b>
<b>April 18, 2007</b>	<b>Ed Clerico, USGBC-NJ Speakers Bureau</b>	<b>Water Efficiency and Reuse--and LEED</b>
<b>May 16, 2007</b>	<b>Jennifer Henry, USGBC National</b>	<b>LEED for Neighborhood Development in NJ</b>
<b>June 20, 2007</b>	<b>Athena Sarafides, NJDEP, USGBC-NJ Speakers Bureau</b>	<b>Local Government's Role in Fostering Green Building</b>

We kick off this 6 part series, with the topic that is on many green minds. Why get accredited? Why 3 exams tracks? Marianne Leone, administrator to 4 USGBC chapters, will explain the differences, and answer any questions about the direction USGBC has taken to formulate this novel approach to LEED education.

We thank our first session sponsor,

for their support.

### Why attend?

Learn about technologies and strategies that save money, energy and resources. Buildings fundamentally impact people's lives and the health of the planet. A green design with best practice not only makes a positive impact on public health and the environment, it also reduces operating costs and enhances building marketability, occupant productivity, and a sustainable community. Sessions provide a network opportunity with local professionals and potential clients.

### Who benefits?

Officials: Elected, Municipal and Code Compliance; Owners, Developers, Facility Managers, Investors; Professionals, Architects, Engineers, Designers, and Education Administrators; Contractors, Manufacturers, Builders and Construction Trades.

This series is provided **free** to all attendees, registration however is required.
